1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

Feedback is considered as the "heart" of any learning institution which means that universities and colleges cannot exist without a well structured feedback format. Feedbacks are collected by the IQAC from the students on curriculum, the quality of teaching, Examination System, Internal Assessment etc. A Formal Feedback is taken from the students and their parents every year, reflecting the quality of teaching they have received, on a ten point rating scale. The College has provision for Suggestion box / Green Box for students in an easily accessible place. Feedback Forms collected in the form of Course Feedback helps the institution assess and evaluate the course and update it with the latest major papers which are more application oriented. Forms collected in the form of Student assessment help the staff to regularize in the form of updation of knowledge in the field of subjects and keep alongside each other with the latest trends. It also helps the Institution to analyze whether the staff have completed the prescribed syllabus, given assignments, arranged seminar topics and made alternate arrangements for classes for the faculties are on leave. Feedbacks from our students and their parents have been received through conventional feedback facilities. The feedback received from the students about curriculum was analyzed and strategies were worked out to implement appropriate development catering to the students' community. The Principal reviews all the feedback forms and has review meetings with the Staff. Feedback collected from the parents during the Parent Teacher Meeting helps the Institution get the satisfaction of the parents towards the college on the basis of academics and

discipline of the College some of the suggestions specified by the parents are taken into contemplation. The Parent Teacher Association does play an active role in the decision making of the institution. Meetings are held with the parents to discuss the progress of the students and the functioning of the institution. Suggestions are welcomed from the parents too, on curricular aspects through feedback forms. The IQAC lays yardsticks for qualitative sustenance and checks on the overall performance of the departments of institution through its periodical meetings. Matters which involve the college as whole are dealt by the principal in coordination with the concerned department through the heads of the department. The proposals given by the different committees and departments are discussed with the governing body of the college for necessary action. Strong Points of the college are also taken into consideration for future progression.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

For the betterment of every student in wide ranging fields including the area of academics, personality development, skill building, etc... Students of each class have been entrusted under the care of a mentor assigned by the concerned Head of the Department. It is compulsory for students to meet their mentors at least once in a month. They must feel free to confide in their mentors regarding their personal/academic queries and worries. Mentors continuously evolve the performance of students in academics like examinations and their personal behaviour. Under the reports of mentor, the principal recommends appropriate students for fee concession etc... Each mentor guides their mentees for their career progression and growth from the very first day of their programme. Mentors meet their students and guide them periodically regarding their academic opportunities and extra –curricular activities such as NSS, NCC, Sports, Cultural and other Fine arts events. They identify and analyse the strength and weakness of every individual student and encourage them morally leading to potential skill building. Every mentor extends their service to build a mutual understanding between their mentees. They also identify the student's socio- economic background and suggest possible measures for their economic development through scholarships etc. Mentors also arrange career talks by prominent experts to provide an insight of the professional field that the student desire to possess. They advise their mentees with some important advices regarding their career guidance, personality development and personal grievances. Mentors take remedial measures in case of performance of students below their ability and analyse the exact reasons for their underperformance. They counsel them if necessary, by including their parents/guardians along the process. Education without values is 'a body without soul', heeding to the above need mentors arrange good quality value education classes to incorporate healthy thoughts, actions in the young aspiring minds. The mentoring system have efficiently paved way for a peaceful College experience and healthy social life, evolving students into responsible citizens.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Most of the important committees of the College like board of studies, academic council, hostel committee, student cooperative store, sports committee, canteen committee comprises of student members as representative of the student community. These committee members actively participate in wide arena of activities. The College initiated the 'Learn while Earn' scheme in which selected students work in administrative offices and get trained, along with the minimal remuneration provided by the College. In this way students gain an upper hand in administration of the College. They help in conducting and coordinating all the events related to academics and other co-curricular activities as per the directions of teaching faculty. Students are also allotted with various authorities like energetic member in academic council, board of studies, department association meeting, NCC, NSS, women cell, anti-ragging committee, sports committee and hostel administration. These set-ups enable students to be a part among the stream of administration in the institution. They work as a medium between faculty and students bridging the gap between them so as to develop an effective and fair administrative measure. Any major discomfort/disagreement among students regarding the College decisions is conveyed via these committee student members to the management. These student committee members majorly take part in coordinating and conducting special events like cultural events, farewell events, sports and games, arranging industrial visits, inviting guest speakers and organizing the seminars and workshops. It encourages the students in the committee to develop their leadership and organisational skills through these activities that leads to their personality development. Student members in the committee can become real, efficient and competent managers in future by practically learning and developing all these skills. The College provides necessary support and encouragement to the committee's student members in raising their queries, organizing and conducting these events. These student members of the committees help voice the interests of students in general matters of concern, expressing their views and make them a part of a healthy administrative system boosting their self-confidence and responsibilities.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1. Plastic Free campus - For protecting the Ecology, the use of plastic is banned inside the campus. The college NSS conducts awareness programme regarding the harmful effects of plastic in the neighborhood. 2. In the roof top of administrative block 40 solar panels were installed to utilize solar power. 3. Green Landscaping - Lawns and medicinal plants have been planted and maintained by trained gardeners. Saplings are planted on the eve of birthday celebrations of students and on other important days and these trees are being a home for many species of birds. A beautiful "Kumbakonam Garden" has been maintained for women students. 4. Encouraging paper less communication - Internal Mark entry of all the departments has been sent to the Controller of Examinations through Intranet Facility. 5. Eco friendly campus - Use of vehicle inside the campus is totally prohibited and there is a separate vehicle parking area for staff members and students at the entrance of the campus. Students from nearby places prefer to come to college by walk. Trees are planted on both sides of roads which help the students to walk in the shadow. 6. Staff and students use pedestrian friendly path way from one place to other place.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. Blood Donation Objectives of the Practice: 1. To sensitize the need of donating blood to the needy in time 2. To instil the feeling of helping others to breathe life with their precious donation 3. To motivate all students to take a pledge to donate blood at least once in a year 4. To impart to them the value of blood donation 5. Too aware of the scientific information about the blood group 2. Green Card System! The Green card is the report card informing the student's achievements in the curricular activities. It also reflects the student's attendance in the college. Being the first mentor of the student, the parent is given a chance to get interacted with the teacher who monitors the progress of his ward. Thus parents are also given responsibility and accountability to have a thorough check their ward participation in the college activities. This card activates the parents to check their son or daughters energetic role in the academic programs. Based on the available report on the particular student, the parent is advised to encourage their ward to take up either remedial or enrichment programme offered at the college. This also facilitates the smooth mentoring of the student to attain their objective in college study.
