

INSTITUTIONAL DISTINCTIVENESS

1. Physical Education

The Main Vision of the College is to uplift the First generation learners of the backward communities by bringing out their innate talents and hidden potentials and thus channelizing the youthful energy for constructive actions through involvements in physical and intellectual pursuits as an asset to the society.

The educational institution plays a pivotal role in shaping the overall developments in students who want to attain the highest positions in their life. An emerging professional in any field must be strong in physical, mental, emotional and intellectual aspects.

Physical strength is being developed through the best sportive activities offered in the institution. The Yadava College has carved a niche in the sports arena by creating unassailable records both at the State and National levels. It offers the best art of facilities to enrich the students in sports and games since its inception in 1969. The infrastructure created has helped the athletes and players to achieve the best laurels at the University, State and National levels. The management support, teacher's encouragement, parents' support makes the sports personalities of the college shine in the competition. The Management has arranged the best coaches to train the students in all sports and games. Grooming the player is the laudable effort of the Management.

The meticulous and mind-blowing training offered in the institution makes the students drawn from villages as the shining stars in the University team. The periodical intra-collegiate and intercollegiate competitions hosted by the college helps the trainees to get more experience, exposure and expertise in the respective sports and games. Hence, many of our students helped the University to lift the cup at the prestigious tournaments within and outside the state.

Sports and Facilities

The Department of Physical Education of the College has constructed a well-designed Indoor Stadium for Table Tennis. The Fitness gym is a marvelous centre equipped with high-tech gym equipment to shape the students with a good physique.

The unique and distinctive approach of the management is making the first year students attend the sports and games on alternative days mandatory. Students are given training in recreational games, Mass drills, March Past and Yoga. Also, the director of the department is directed to disseminate the history of physical education, yoga fitness, and wellness to the students.

The Floodlight volleyball courts constructed with special assistance from UGC stands as a testimony for the distinctive facilities offered at the college. The ten acres of land allotted for the physical education activity is a milestone that derives wide recognition from the academic circles.

In 2018-2019, our Boys' team won Madurai Kamaraj University - 'A' Zone Trophy for Foot Ball and Cricket Tournaments.

Ten Students got selected as University Blues to represent the Madurai Kamaraj University in the Inter-University tournaments for the year 2018-19.

BharathRatna Dr. M.G.R 100th Century sports celebrations conducted by Directorate of Collegiate Education, Chennai (Venue: Holy cross College Trichy) our Women Kabbaddi team Won the Championship at State Level and also received the winner's trophy from the Directorate of Collegiate Education.

Incentives to Outstanding Sportspersons:

- Our Management provides free accommodation to the outstanding sportspersons in the male category and free boarding and lodging for the outstanding sportspersons in the girl category.
- Free uniforms and kits to the students who represent the college teams.
- The University Blues are suitably honored in Sports day every year.

2. Students Co-operative Society

The Cooperative society of the College is functioning effectively since 1990. In order to inculcate the co-operation among staff and students in all spheres with good leadership quality, this society is meticulously managed. Let us join and grow together is the sole mantra of this movement. The society is effectively managed under the dynamic leadership of the Principal with a strong executive body. The Principal is assisted by the Faculty who holds the post of Secretary. The Secretary is given the responsibility to look after the day to day affairs of the society.

All students of the college will become members of the society on admission to the college. Out of six members, three from teaching faculty, one office assistant and two student representative. The society accounts are perfectly maintained and audited periodically by the members of cooperative society.

Society is mainly concentrating on purchasing and supplying the need of the students and staff in the college campus. Books and writing materials are purchased directly from the producer and are sold at a cheaper rate than in the market outside the campus. Like all needs required for the academic enrichment and for the hostel accommodation is also provided at a very reasonable price.

A quality assurance cell of the college will look into the quality of the product before it is being sold out to the students and staff members.

The society accounts are perfectly maintained and audited periodically by the faculty of our commerce department. This is further audited by the auditors of the government department of the cooperative society annually.

Vouches the Vision and Mission:

This society satisfies the objective of the vision and mission of the college to make students as socially responsible and ethically strong citizens of the country.

3. National Science Day Celebration

The Department of Physics is conducting the National Science Day with the sole objective of motivating the youth in the scientific pursuit. This National Science Day is being celebrated every year to commemorate the discovery of the Raman Effect for which he was awarded the Nobel Prize in 1930.

It is the need of the hour to popularize science among the youth as well as to motivate them to get into the scientific research that helps for the wellbeing of the society. The current information regarding the scientific developments will be delivered on this great occasion by eminent scientists from the national and international universities and laboratories.

Students will be triggered to think innovatively by projecting an idea on this day. The best ideas are suitably recognized by the college management. Also, the ideas will be taken to the right platform to get further enrichment by the subject experts.

It is an eye and mind opening session for the youth to plunge into the scientific arena. A variety of sharpening scientific skill-testing programmes will be arranged to gear up their interest in science.

The interaction with the scientists on this day has a good impact on the scientific outlook of the students. Already the college has carved a niche in science popularization for the youth of this region since 2000, hence this programme is another feather to the cap of this great alma mater.

4. Guru Dhakshana Endowment! A unique programme

The alumni of the Dept. of Mathematics instituted this endowment in 2010. The vibrant batch of 1977-80 has come out with an innovative approach of recognizing the best students who excel in curricular activities of the department are suitably awarded reputable rewards. The students are motivated to receive this prestigious award right from the start of the programme. Students who score high marks in the major and ancillary subjects and the toppers in the language papers are also receiving the same recognition. The prizes are given by the respective faculty and hence the name, Guru Dhakshna! This award ceremony has been conducted since 2011 and every year, the ceremony will be held in the last week of March.

The awards are given for the following categories:

1. Scoring Centum in the Major papers.
2. Toppers in Major papers by the Undergraduate and Postgraduate students.
3. High achiever in the Major papers of both UG and PG classes.
4. Top scorers in Tamil and English papers.

This programme is considered to be the Model Academic Enrichment Programme of the Madurai Kamaraj University

5. DisciplineMoulding Distinctive Practice

Punctuality and Perfection are the hallmarks of the college vision and mission. To inculcate the discipline among the student's group drawn from the different areas of Tamil Nadu and neighbouring states, the management has followed the practices cited below effectively. As the college is co-educational, the management is much keen to impart a perfect disciplined way of academic life on the campus.

A. Good Practice through Prayer:

The college normally starts with the prayer song. As the second bell goes, the song will be played and students are instructed to stand where they are without any movement. This looks like a military discipline enlightening the energetic participation of the students in respecting the prayer. No student is allowed inside the class after the prayer song. This guarantees good attendance on time. Latecomers are asked to spend quality time in the library and the librarian is given the responsibility to check the book reading of the students.

B. Staff Surveillance:

A team of staff members will make surveillance of the strict discipline enforced on the campus.

The squad will check the following

1. Wearing the College Identity card is a mandatory one.
2. Students should report to the college with a neat and clean decent dress. Wearing “T” shirts, Banians, shorts, sleeveless shirts, short tops, leggings, and other types of tight-fitting clothes are strictly prohibited.
3. Having a decent hairstyle is emphasized to avert diversions and distractions.
4. Keeping/using mobile phones is not entertained.
5. Smoking, drinking alcohol and using the illicit drugs inside the campus is declared as the crime.

Hence the college becomes a smoke, alcohol, drug free zone.

6. Orderliness in forming a queue, maintaining peace, softness in approaching and strengthening

the confidence to face the stiff competition is generated in the grooming of the students during their period of study.

6. Insure to ensure safety and peace to the entire family! Inculcating a Safety Measure to Students!

Health is the Wealth and it is the heart-beat phonetics of every individual today. The escalation of medical bills even for a normal treatment in private hospitals demands a safety

health insurance for all. People living below the poverty line are facing severe hardship to take proper treatment for their sudden setback in the health.

The medical emergency makes the governments introduce health coverage to their people. This timely assistance helps the people at large to face the financial crisis with a smile.

The college management also takes an initiative to cover the cost of protecting the health of the students through the well-known Star health insurance packages.

The College on admission enrolls all students under this vital scheme to provide safety to the student as well as to their parents. The annual premium of ₹120/- is collected at the time of remittance of college fees and it is paid to the insurer. Hence the students feel happy in their monetary protection against any untoward incidents for their health. All students are enrolled in this scheme and so it reflects an admirable practice among the higher educational institutes.

Course	Number of Students covered	Total amount paid
Regular	1369	164,280
Self-Finance	2319	276,586

7. Enforcing the Employees State Insurance Scheme (ESI) to effectively guard the employees!

The Employees State Insurance (ESI) Scheme is a multifaceted community based security system customized to give socio-economic protection to workers and their families. Hence it is effectively handled by the College.

The ESI provides full medical care from the first day of employment. Besides this, insurers are also eligible for cash benefits in case of physical immobility/pain/distress/disease or any kind of disability of temporary or permanent nature that leads to an inability to earn and an immurement of women.

The dependents of the insurer who die in an accident or any injury caused during the occupational hazards will be granted a monthly pension as the benefit of the dependent.

The Staff members covered under this scheme during 2018-19 are as follows:

Staff categories	No. of Staff covered	No. of Staff Claimed
-------------------------	-----------------------------	-----------------------------

Teaching	94	03
Non-Teaching	36	03
