### CURRICULAR ASPECTS

#### 1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

The institution ensures effective curriculum delivery through a well planned and documented process which has relevance to the regional/ national/ global developmental needs. Major curriculum revision has been carried out every three years for PG/ UG programmes respectively. Each programme has a well-defined objective which is reflected in the Programme Outcomes (POs) and Programme Specific Outcomes (PSOs) and Course Outcomes (COs) which

in turn is reflected in the syllabus. Effective curriculum implementation has been ensured through proper infrastructures in terms of labs which are well equipped. The development of soft skills, language and presentation skills through Language Lab and personality development are part of the curricula. Due to global pandemic Covid-19 online learning can be termed as panacea for the crisis. Certificate, Diploma and PG Diploma courses to augment employability skills, NSS / NCC etc., included as compulsory component for all UG programmes. Every department has Board of Studies to guide and monitor curriculum preparation. All these have been placed before Board of Studies for deliberation and eventually for approval of Academic Council. Submission of revised syllabus to AC which houses diversified representatives for evaluation/ suggestion and approval.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

The Institutionalized Bridge Course is conducted for first undergraduate students after they have been accepted before the start of regular programs to make them comfortable for further learning. At the end of the bridge course, an entry level test is taken and accordingly students are categorized into slow learners, intermediate learners and advanced learners. The Semester plan contains the schedule of the Remedial programme which is conducted for slow learners. The institute offers remedial training for slow learners and an enrichment program for advanced learners.

The slow learners are recognized primarily based on their overall performance in every paper in the first centralized internal test. The mentor advises the assigned student as a mentee to him by the mentor counsel and motivates him to tackle the academic program. These students receive special coaching every working day after the lessons. They are also given extra lab hours to help them perform well in their subsequent semester exams. This measure helped a large number of slow and slow-achieving students to get good grades.

On the different hand, there are advanced learners who may want to obtain magnificent heights with applicable coaching. For them, enrichment programmes of a range of kinds have been organized.

### 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

Every faculty of Yadava College, has full-fledged training to follow Student-Centric approach in their class rooms. The Vision and Mission of our College mainly focused on overall development of student and each and every process is student oriented. Other than the traditional teaching methodologies the teacher has to focus on the 'Conceptual Clarity' of their subjects. The whole process of teaching and evaluation follow the all above mentioned methods. The teachers use their local context to explain the difficult topics in detail. The students can easily catch the concepts if they visualize it through ICT tools. There are many FDPs were conducted in college by CDT and IQAC, which are related to different and innovative teaching methodologies. These FDPs gives teachers motivate and tend to develop new ideas in teaching methodologies.

#### Problem Solving Skills:

1. Case studies to develop Problem Solving Skills
2. Logic approximation

#### Participative Learning:

1. Guided group discussion to promote communication ability, generate ideas, interpersonal skills
2. Listening and develop problem solving skills
3. Puzzles, Drama, Debates and Games

#### Experimental Learning:

## 2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

In the digital era, the education field also undergoes its obsession and hence the teachers must utilize relevant technologies to enrich teaching learning processes. There are 16 ICT enabled hall which comprises the facilities of WIFI, Projector, and Computers. Every department is provided with a laptop or PC along with printer. There are 4 smart classroom which is utilized by 77 faculty in rotation basis. In addition to that, the college has well equipped computer labs with internal LAN. Other than the traditional classroom teaching, faculty of every department take classes through various platforms like whatsapp application, video, audio messages, text messages, zoom meeting, google meet, youtube, and web based references. During Covid - 19 pandemic both students and staff used ICT enabled tools and techniques extensively for effective teaching and learning. Further the same trend being continued during post Covid period also.

The development of E - content is ongoing process by the faculty members of the college. Also they are well aware in E- content delivery and usage. The College also has good collection of Educational CDs and DVDs in the central library. These resources can be used by both staff and students on demand.

### 2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

Continuous internal assessment with weightage of 25 percent which is continued by end semester external assessment with weightage of 75 percent. Internal assessment is based on performance in periodical unit test which is conducted in classroom level, assignments, seminars and centralized internal tests conducted in every semester.

Theoretical and practical exams are held at the end of the semester in the months of November and April. Performances in practical examinations are evaluated through an external examiner and the course teacher. An external expert is appointed as question setter for theory examination and the single valuation scheme is followed for answer script which is evaluated by external examiner.

The examination area as usual functions with surprisingly computerized atmosphere. Students are enrolled with a digit code informing year of admitted, class, number of semesters etc. The exact details of each individual student in their academic excellence are fed into the computer system of the examination. The internal assessment grades are entered through the intranet

which is available in each department and the external assessment grades are entered against each student.

The controller of Examination is equipped with fully automated system for data processing and generation of Examination Application, Hall ticket, Result and Mark Statement.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

CBCS Allows students to choose the courses of their choice when pursuing a particular programme, CBCS Bridging the learning gap between what is taught in class and what students eventually gain through achievement assessment Knowing the different levels by graduates.

CBCS is a student-centered learning model that helps teachers deliver course content and conduct assessment, keeping in mind the expected outcome of the specific program. CBCS improves students' employability as well as helping them absorb the necessary skills into their personality

Program Outcomes (PO) are narrower statements that describe the skills that the students are expected to have by graduation. The abilities includes, a) Problem Analysis - ability to identify, formulate conduct research, analyze complex problem, b) Communication - ability to communicate effectively on complex activities with the community and with the society at large.

Course Outcomes (CO) are precise results of each course that can be completed by students on completion of that course. Course Outcomes are framed by the course instructor based totally on the content material and the have an impact on of that path on the outdoor world. Each subject need to have five COs applicable to the course.

### 2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

The Course Outcomes (CO) are measured via the overall performance of the college students in the internal and terminal examination. The end result evaluation achieved in every semester disclose the ranges of outcomes.

The Programme Outcomes (PO) are evaluated through the quantum of students progressing to higher studies and getting placements. The records shows these two parameters constantly increase.

As per the University guidelines, 25% marks in each course are awarded through internal assessment and 75% marks externally through end-semester examination. The university further stipulates that internal assessment be based on attendance (5%), class test (10%) and assignments or class seminars (10%). Following these guidelines, the faculty evaluates students on a continuous basis, providing opportunities to students to improve their performance. Each internal test is conducted for 25 marks. At the end, a model test is conducted for 75 marks in which the understanding as perceived by the students is evaluated.

To make the student understand the concept well and to provide with enough time to prepare, the syllabus is distributed equally for the internal test and model test. Assignments are given to students as individual or group assignment to measure directly the outcomes of programme and course.

<https://yadavacollege.org/wp-content/uploads/2022/05/Students-Satisfaction-Survey.pdf>

**RESEARCH, INNOVATIONS AND EXTENSION****3.1 - Promotion of Research and Facilities**

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

Research has always been a predominant concern of the college. With three recognized research centres (Tamil, Zoology and Commerce) of Madurai Kamaraj University, and one non-research centre (English), the college shows constant interest in the research publications and projects. Seven recognized research supervisors add up 20 numbers in the current strength of the PhD Research Scholars. Out of them, Dr.M.Natarajan obtained his guideship during this year and registered one scholar.

The college motivates the scholars to publish their quality research articles in refereed journals, online and offline, national and international. Two books - Python Programming and Dairy Farming were authored by the faculty of Computer Science and Zoology respectively, and two chapters published in edited anthologies. Faculty members of Tamil, Chemistry and Zoology have

published their research journals through online mode.

In spite of the inconveniences caused by the declaration of national lockdown, the scholars are motivated to pursue their study uninterrupted through many online programs. Research discussions and paper presentations in National and International forum through online were considered to be a motivating factor at this juncture. Many conferences, workshops and seminars were attended and exchange of ideas regarding research topics were made by the staff and the scholars.

### 3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

The predominant work culture of the academic year paved way for sharing of knowledge across globe. The online mode had further extended the horizon and the departments concentrate on both modes of seeking information. Skill development programmes like "Mental Health", "Puratchiyalarkal Siddarhal" (Revolutionaries and Hermits), "Bird Watch" (Biodiversity Audit), and "Nathipola Oodikkondiru" (Flow Like a River), Research based programmes like "Writing an English Literature Dissertation" and "Solar Photovolatics Overview", entrepreneurship programmes such as "Career and Higher Education Opportunities in Physics", "Emerging Technologies for Self-Employment", "Management Careers for Everybody" and legal rights programmes like "Ethical Issues and Cyber Security in ICT" and "Elimination of Violence against Women" are some of the key take-away of this academic year. Besides, the ecosystem of the college is in many ways ambient for the beneficiaries with its bird watching and Vermiculture. The efforts taken by the departments provide a platform for the budding student intelligence to extend their knowledge and develop their area of interest.

### 5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

Yadava College believes in creating space for students' increased participation in the activities of the institution. Students play an active role in, Board of Studies, Department Associations, Hostel college level committees such as Students Service Committee, NCC committee, NSS committee, Library Committee, Anti-Ragging Committee, and Rotaract Club. Academic Activities Students play a dynamic role in designing the curriculum. Each class topper representing undergraduate, postgraduate and MPhil programme participate in the Board of Studies of each department and provides valuable inputs in shaping the Curriculum.

The counseling services done to students are a feather to the cap of the institution. Having a great concern for all round developments of the students, career counseling programmes at frequent intervals are conducted. Towards this purpose, counselors from M.S.Chellamuthu trust Madurai run by internationally renowned psychiatrist Dr.C.Ramasubramanian offer suggestions.

The students have representation in Anti Ragging committee, Magazine committee, Purchasing committee and Women Welfare committee etc. The Constructive suggestions given by the student's representation has been implemented in enhancing the campus environment to develop Yadava college of Excellence.

So the student's representative actively play an important role in upgrading the image of the college.

## GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

The vision and mission statement of the Institution are in tuning with the objective of higher education. Yadava College is being surrounded by villages. The mission of taking higher education to the first generation students and underprivileged sections of the society with secular attitude receives priority with the founders of the college. The student of the college are moulded intellectually, socially, ethically and rendered as responsible citizens.

The college strives to achieve the goals by providing the student community with useful curricula so as to increase their opportunities for the employment. This in turn is supposed to contribute to the growth and economic development of the region.

The management of Yadava College, comprising of the Secretary and other elected members from Yadhavar Kavi Nidhi had been filing multiple writ petitions before the Hon'ble High Court, Madurai, as a result and consequence of which the institution has been without proper and stable management since 2011. The Hon'ble High Court, Madras Madurai Bench Judgment in W.P.(MD) No.14362 of 2018 dated 31.03.2021 has appointed Hon'ble Judge (Retired), Madras High Court, Shri.S.RAJESWARAN, as an Administrator of the society viz., Yadhavar Kalvi Nidhi as well as Yadhava College, Madurai.

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

Curriculum Development The curriculum development is the case study for decentralisation and participative management. It

includes a bottom-up approach as the college collects opinions and suggestions from various stakeholders viz. students, parents, alumni, industrialists, government etc. on academic and administrative activities of the college during Parents Teachers Association (PTA) meetings, Board of Studies, Academic council, and Alumni meetings. These things form the bases for designing a new curriculum for various programmes towards the demands of the employment market in the society.

Board of Studies Board of studies is comprising Head of the Department as a Chair Person, University Nominees, Subject experts, Representative from industry/corporate sector/allied area relating to placement, Faculty Members of the Department and Student Representatives. It approves the syllabus and submits suggestions which are carried out and then placed at the Academic Council for approval. The suggestions are given by the board are then carried out into the programme before being presented at the Academic Council for its approval.

#### 6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

Yadava College is generating funds from the Government and also from self-financing courses. Apart from the above sources, funds

are also mobilised from various government and non-government sources for the purpose of research. Faculty from departments apply for research projects under various schemes.

The government and autonomous bodies are approached for sponsorship of national and international conferences and workshops. Yadava College sports ground is outsourced under publicproperty partnership mode. The fund thus raised is earmarked for maintenance of sports grounds and sports activities.

For efficient and optimum utilisation of resources available, convenors of various committees and teachers-in-charge are asked to provide their requirements at the beginning of the academic year. This is to ensure timely and routine maintenance and upgradation of laboratories, library, computing facilities, classrooms, equipment and facilities.

According to the requirements submitted by convenors of committees and teachers-in-charge, a proposal is prepared and submitted to the Competent Authority for approval. The college committees follow the procedure of procurement of funds as per the general financial rules. All financial documents and bills are processed by the accounts section, the Office superintendent and the principal. Transparency is maintained through the entire process and allocated funds are optimally utilised.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Two practices institutionalised at Yadava college with IQAC initiatives are

(i) Academic and Administrative Audit (AAA)

The IQAC initiated the academic and administrative audit (AAA)

primarily to take account of teaching-learning processes in all disciplines. Documentation of all academic and administrative matters of every department is done. This process requires a self-assessment of teaching-learning processes and a systematic documentations.

- Preparation of academic calendar, Selection of papers, Distribution of time table and delegation of responsibilities and formation of internal committees for department activities
- Teachers use ICT facilities and opportunities for experiential learning are also assessed during the audit.
- Records of continuous internal assessment, policy guidelines for awarding of marks, initiatives taken to help slow learners, and analysis of the results of end-semester examinations are examined meticulously as part of the audit process.
- It also examine the mentor-mentee programmes.

## II. Feedback system:

The IQAC at Yadava College has implemented a feedback system for students based on institutional parameters .Feedback system is institutional progression as it allows for review and reform.

They function as the catalyst for up-gradation of teaching-learning processes, developments in infrastructure and facilities, skill-enhancement and professional development of the staff, capacity building and enrichment of students.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

Two institutional reviews and implementation of teaching learning reforms facilitated by the IQAC are:

**(I) Academic Review (II) Implementation of ICT and Experiential Learning Academic Review****Academic Review**

The college follows a comprehensive mechanism of reviewing the teaching-learning processes and learning outcomes:

- All the departments in the college abide by the institutional norms (initiated by the IQAC) such as submission of staff requirement for forthcoming session, distribution of time table among faculty members, academic and extracurricular work delegation within the department, use of ICT in teaching practices, execution and moderation of internal assessments, assessment of learning outcome by identifying fast learners and slow learners, analysis of end-semester examinations results etc.

**Teaching and Learning reforms:**

The IQAC at Yadava College encourages and ensures continual reforms in teaching-learning methodologies. It places impetus on the adoption of ICT in teaching practices.

- These tools are used for video-lecture and interaction, sharing study materials, and assessing assignments.
- To complement curricular learning, experiential learning takes place through educational tours, industrial visits, field study, skill-based workshops and webinars. Apart from this, capacity building programmes organised by NSS, NCC enhance the entrepreneurial, leadership and organisational skills.

## 7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

### 1. GREEN CARD SYSTEM

The Green card is the report card informing the student's achievements in the curricular activities. It also reflects the student's attendance in the college. Being the first mentor of the student, the parent is given a chance to get interacted with the teacher who monitors the progress of his ward. Thus parents are also given responsibility and accountability to have a thorough check their ward participation in the college activities. Based on the available report on the particular student, the parent is advised to encourage their ward to take up remedial.

### 2. PROVIDING HYGIENIC FOOD AT THE LOW COST RATE IN THE COLLEGE HOSTELS

The college has hostels both for boys and girls separately. The inmates are mostly from the most backward rural family living below the poverty line. The student run mess is the best practice provided by the college to lessen the burden of the poor parents to pay the mess bill of their respective students.

Due to pandemic students were admit in the hostel restricted as per government norm. So the average mess bill for the Boy's Hostel is 78.94 and Girl's Hostel is 60.61 which is slightly more than our previous average.
